LOWER TAX RATE ON ALL INCOMES

Penrose Also Predicts Repeal of Profits Levies

READY BY AUGUST

Senate Will Take up Revenue, While House Deals With Tariff—To Pass Fordney Bill.

Washington, March 29.—Income tax rates will be scaled down all along the line, from the highest to the lowest, Senator Penrose, of Pennsylvania, chairman of the Senate Finance Committee said yesterday. He also predicted the repeal of all excess profit taxes.

Senator Penrose said that the work of outlining a revenue bill will be taken up by the Finance Committee in the near future. Hearings will begin when a quorum of his committee can be rounded up. Tentative schedules will be mapped out and submitted to the Ways and Means Committee as suggestions.

A conference was held yesterday between Senators Penrose, Calder and Watson and Representative Fordney, at which the legislative program was considered and reaffirmed. Tariff will be hastened to completion by the Ways and Means Committee, while the Finance Committee will take up taxation.

"This work," said Penrose, "will move almost concurrently with the tariff legislation, and thus the taxpayers will receive early definite assurances of the relief in sight. This step being supported by the authorities in the House of Representatives, and it is hoped by the President, the taxpayers will receive assurances of relief legislation, which, of course, cannot be expected to benefit them immediately.

"It will renew confidence and instill hope in the business world and it doubtless will be hailed with satisfaction. We hope to give assurances that the excess profits taxes will be abolished and the income taxes will be reduced all along the line to the collection point.

"This point was carefully figured out in the old days, notably in the taxes of whisky, almost to a mathematical point, beyond which it was argued that less revenue was obtained under a higher than a lower tax. It has become evident that there is a collection point in income taxation.

First Baptist Church

Final Evangelist Services Tonight

The meeting at the First Baptist Church will come to a close this evening. Last night, in spite of the rain a goodly crwod of people were present. There were some professions. Rev. Mr. Cole spoke upon the cleansing of the Leper. The interest in the meeting has been well sustained. A free will offering will be taken at the service tonight. Mr. Cole has measured up to his reputation as a fine gospel preacher and the church has been benefitted.

Many Conversions

Revival Service at Second Baptist Continue to Attract

The revival meeting at the Second Baptist Church has assumed great interest and there are conversions at every service. Sunday was a great day with large congregations, and sermons of power were delivered by Evangelist W. H. Lawson.

Last night again there were conversions and baptism.

Services begin at 7:45 each evening, and a welcome to all.

Discuss Birds

Reading Club of Fourth Grade of Washington School Holds Meeting

The Reading Club of the fourth grade, Washington School, under care of Miss Grigg, held its monthly meeting Thursday last. The subject under consideration was Birds of Our Neighborhood and readings of bird lore and poems were given by the pupils. Miss Katherine H. Stuart was the guest of the club and made a most interesting and instructive talk of our early birds, of their nestings and song and showed beautiful specimens and pictures of the species most attractive at this time of the year. At the close of the lesson, Miss Stuart was presented with an Easter basket of flowers from the boys as a token of appreciation of her interest in the club and its work.

Death By Lethal Gas

New Method Adopted by Nevada for Executing Criminals

Garson City, Nev., March 29.—A bill providing for the use of lethal gas in executing the death penalty in Nevada was signed here yesterday by Governor Boyle.

Signing of the bill abolishes other forms of capital punishment in the State. Hitherto condemned men had the choice betwen hanging or shooting.

Nevada is believed to be the first State to make gas the means of capital punishment.

Under the new law the death warrant must designate a week within which the execution must take place. This week must not be less than 60 nor more than 90 days after the date of the judgment.

The law calls for a suitable cell for inflicting the penalty where gas is used and provides that the warden, a competent physician and six other citizens must witness the execution.

The bill gives no details concerning the cell, but sponsors for the bill said if was understood that it was intended that it should be air tight fitted with windows of thick glass and equipped with valves to admit air.

It was planned that when the condemned man should be asleep the air valves would be closed and others, admitting lethal gas, be opened, life being taken without the prisoner's awakening.

Police Court

Cases disposed of in the police court today follow: A white man, arrested by Sergt. Wilkinson, charged with exceeding the speed limit, forfeited $5 collateral; a white man, arrested by Policeman Lunsford and Gill, charged with violating the speed law, fined $5; a colored man arrested by Policemen Nowland and Cline charged with assault, fined $10.

The court also heard the complaint of one white woman against another for alleged improper remarks. Both were ordered to give peace bond.

Prosperity Week

Wonderful Array of Bargains to be Offered by Merchants April 4-11

The merchants of the city just now are busily engaged in preparing for National Prosperity Week. This will be observed April 4-11. The one idea of the merchants in Alexandria in common with those throughout the United States is to help bring down the high cost of living by selling everything during that week at rock bottom prices.

Already the owners of the stores are arranging big cuts in prices of everything for this week and merchants will have lower prices than any store in Washington or vicinity. They always have sold goods under Washington prices in every instance and during their particular week as a trade stimulus they will make big cuts on almost every article of merchandise in their establishments.

The Alexandria merchants have laid in a wonderful assortment of spring goods which is better and bigger than ever before and even if you do not contemplate buying you should not fail to visit the stores during National Prosperity Week. Don't forget the date, April 4-11.

FIREMEN TO HOLD MASS MEETING

To Discuss Differences at Elks' Hall Tonight

C. C. DIRECTORS ACT

Urge Fire Chief to Withdraw Resignation—Also Designate Chief Ogden to Appear Before Gathering.

A meeting of the volunteer firemen of the city has been called for 8 o'clock tonight in the Elks' Hall to discuss differences arising from criticism of and the resignation of Chief Ogden now in the hands of the Mayor.

The question today was taken up by the board of directors of the chamber of commerce and they adopted the following resolutions:

WHEREAS:—A meeting of the volunteer members of the Alexandria Fire Department has been called for this evening to discuss differences arising from criticism, and the resignation of Chief Ogden, which is now in the hands of the Mayor, and

WHEREAS:—The Board of Directors of the Chamber of Commerce is deeply appreciative of the past services of Chief Ogden, the employees and volunteers of the Department, be it

RESOLVED:—That this Board request and urge Chief Ogden to withdraw his resignation and that Mr. Ogden be appointed a member of a committee to appear before the meeting of the volunteers this evening and to make every effort to satisfactorily adjust all differences.

The committee appointed by President Julian Y. Williams to appear before the firemen at their meeting is composed of in addition to Fire Chief Ogden, Carroll Pierce, R. S. Jones, R. E. Knight and B. Weil.

Easter Dance

Cotillon Club Gives Enjoyable Affair Last Night

The Easter dance of the Cotillon Club held last night in the Elks' auditorium was a most enjoyable affair, though the attendance was unusually small, the storm preventing a number of members of the club and guests from the suburbs and Washington from attending.

Among those present were Mrs. James Sidney Douglas, Mrs. Edward H. Kemper, Mr. and Mrs. William J. Boothe, Capt. C. D. Barrett, U. S. M. C., and Mrs. Barrett, Mr. and Mrs. Manchlin Niven, Mr. and Mrs. Charles M. Shepperson, Mr. and Mrs. Wilmer Joyce Waller, Mr. and Mrs. Charles F. Holden, Miss Elizabeth Dulany Herbert, Miss Rosella Burke, Miss Blanche Stansbury, Mrs. Florence Maigne, Mrs. Cora J Davis, Miss Joyce Graham, Miss Elizabeth Boothe, Miss Margaret Moncure, Miss Fortune Kirkpatrick, Miss Elizabeth Bryant, Miss Anne Cabell, Miss Sarah Kemper, Miss Charlotte Kemper, Miss Abbie Hoxton, Miss Mary Hunt Roberts, Miss Katherine Waller, Miss Eugenia Griffith, Messrs. Cameron Roberts, Allen Roberts, Beaudrie Howell, Carroll Ashby, Gardner L. Boothe, 2nd, Bruce Morton, Robert Bitzer, Henry O'B. Cooper, Edwin Graham, Randall Caton, Richard Gibson, L. H. Dudley, George H. Evans, Dr. V. P. Berry, Commander H. V. McKittrick, Capt Douglas, U. S. A., Gardner L. Carter, of Charlottesville, and Harvey Warwick, of Washington.

$100 REWARD

The Alexandria Gazette will pay a reward of $100 for the arrest and conviction of the party or parties who turned in the false alarm of fire Friday night, March 25, 1921.

A certified check for the foregoing amount has this day been placed in the hands of Chief of Police C. T. Goods. This offer holds good for thirty days.

Seek Reward

Many Endeavoring to Track False Alarm of Fire Friday and Get $100 Offered by Gazette

Spurred on by the reward of $100 offered yesterday by the Alexandria Gazette for the arrest and conviction of the party or parties who turned in the false alarm of fire last Friday night a number of people today are on a still hunt to land the reward.

All engaged in the task are bending their energies along this line and many theories are being advanced by some of the amateur detectives as to how it was done.

Some of those working on the case assert that it is possible that the alarm might have been turned in by someone "cutting in" on the wires from the outside. Various other ideas as to how it was turned in also are being advanced and doubtless many of the theories have merit.

Hope is expressed by a number working on the case that they can solve the problem before long. Just how it will be done none are at this time willing to say. As stated in another column of The Gazette a certified check for the sum of $100 has been placed in the hands of Chief of Police C. T. Goods. It will be paid at once upon the arrest and conviction of the party or parties who turned in the alarm of fire.

Hold Easter Social

Degree of Pocahontas Gives Affair Last Night

The members of Silver Moon Council Degree of Pocahontas held an Easter Social, after the routine business session last night. A large attendance was present and the program was enjoyed by all. After the program refreshments was served. Several applications for membership was presented and one received the degree of the order.

Arrangements was made to pay an official visit to Idaho Council No. 1, of Washington, D. C. This council conferred the degrees when Silver Moon Council was organized last month.

The trip will be made on special car and the date was selected as April 15.

THE CATHOLIC CLUB

The card party to be given by the Catholic Club tonight, promises to be largely attended, and the attention on Thursday night will be a card party and dance for the young people.

Invited To Attend

Advertising Club to Meet In Atlanta In June

Members of the Advertising Club, organized here recently have been notified by G. L. Beardsley, of Richmond, who is chairman of the committee in Virginia on the arrangements for the annual convention of the Associated Advertising Club, inviting them to attend the meeting in Atlanta, Ga., June 12.

It is expected that a number of delegates from Virginia will attend and probably several from this city will be present. Hope is expressed by the Virginia chairman that at least five or six from this city will attend.

To Give Shelter

Salvation Army Provides For Care of Men

A temporary shelter for men out of employment has been arranged for by the Salvation Army of this city in the basement of its home. The men are to be given some temporary employment to pay for their accommodation, otherwise the Salvation Army could not provide shelter for all owing to its limited resources.

300 ELKS FROM D.C. HERE LAST NIGHT

Degree Team of Washington Lodge Confers Work

INITIATE CLASS OF 13

Visitors Accompanied by Band of 35 Pieces—Social Session Follows Initiation of Candidates

About 300 members of Washington Lodge No. 15, Elks, journeyed over to Alexandria last night and paid a fraternal visit to Alexandria Lodge No. 758. The visiting Elks were accompanied by a band of thirty-five pieces under the direction of Arthur Whitcomb.

Th visitors detrained at King and Alfred streets and were met by a delegation of more than 100 Elks of the local lodge and amid a blaze of red light the visitors headed by the local Elks marched down King street and proceeded to the Elks hall. A band concert was given in front of the hall by the band. Afterward the degree work of the order was exemplified on a class of thirteen candidates, the work being conferred by the degree team of Washington Lodge The officers of Washington Lodge conferring the work were H. M. Peter, exalted ruler; P. J. Callan, leading knight; Daniel Nihion, lecturing knight; W. M. Shelby, secretary; M. G. McCormack, treasurer; Judge Denham, esquire; John Ward, chaplain; John Frick, inner guard; Thomas King, outer guard.

At the conclusion of the degree work a social session was held the visitors being entertained in the rathskeller of the home. More than 200 local members of the lodge attended. H. Friedlander was chairman of the committee on entertainment.

To Entertain Class

Ladies Auxiliary of Y. M. C. A., to be Host to High School Seniors

The Ladies' Auxiliary, of the Y. M. C. A., will entertain the senior class of the Alexandria High School the evening of May 5. This was decided at the regular monthly meeting of the auxiliary at the Chamber of Commerce last night. The auxiliary entertained the seniors last year and decided to make it an annual affair. A formal invitation will go to the class at once. Miss Corrinne Reardon is chairman of the entertainment committee of the party and Miss Cora Cochran will have charge of the refreshments

A report of the educational committee, Mrs. Richard E. Acton, chairman, revealed a most gratifying condition of the educational work for children. The Friday afternoon free motion pictures for boys are being well attended and the sewing classes and free motion pictures for girls Saturday afternoon increasing constantly in interest. About forty girls have enrolled in the sewing class and six teachers are directing the work.

Since the motion pictures are being shown to the boys and girls on different days and the crowds consequently lessened in number, it has been decided to invite the parents to also witness the pictures if they so desire. Some of the parents were there last week and expressed a wish that more might see the pictures, which are received regularly each week from New York.

Meeting Tonight

To Complete Plan For Irish Drive

As heretofore stated a meeting will be held at 8 o'clock tonight in the rooms of the chamber of commerce when final plans will be completed for an intensive drive in the interest of the starving women and children of Ireland. All are invited to attend. It is proposed to at once begin the work of canvassing for this cause and the local committee of arrangements request that all who can give to this cause.

Try a want ad in the Gazette for results.

Rummage Sale

Benefit Citizens Band—Donations Solicited

A committee of ladies are holding a rummage sale at 317 North St Asaph street, for the benefit of the Citizens' Band. The merchants of the city are making donations to this sale, the proceeds of which the band will purchase a set of uniforms, and all merchants who have not already sent donations of merchandise are requested to send what they may desire to donate to the above address, any day after 9 o'clock in the morning, the store is open until four o'clock in the afternoon.

Any citizen desiring to make donation of old clothing, furniture or anything whatever, that can be sold, will send what they may have to the address as above, and the band assures those who donate that same will be thankfully received. If you cannot send, kindly mail postal card to this address and we will send for your donation. Help the band to secure a set of uniforms that we might be in a position to appear in public this spring and summer dressed for the occasion.

Cash or checks will also be thankfully received.

Musicale Tonight

Dr K. W. Barrett to Talk on South America

A musicale for the benefit of the Alexandria Playgrounds Association will be given tonight at the residence of Mr. and Mrs. C. C. Carlin, 215 North Washington street, under the auspices of the Cameron Club, Mr. and Mrs. Carlin having offered the use of their handsome parlors for the affair.

On the last occasion when the club invited its friends to hear Secretary Wilson, in the Young Peoples' Building, over three hundred guests were present. Tonight a large audience is assured also, and the club is again able to furnish a program that is in keeping with its high standard.

Musical numbers will be by members of the club and Mrs. Paul Anderson, of Washington, a soprano of great brilliance, will sing, also Kenneth W. Ogden, so the musical feast is an assured success.

Dr. Kate Waller Barrett will give a sketch of her experiences in South America

The receipts at the door will be given to the Alexandria Playgrounds Association. For five years this work has been carried on in a most successful manner, judging by the attendance of the children, under the competent guidance of instructors. This year instructors have been secured for the summer and plans matured for extending the work. The Cameron Club is most happy to aid in this way by financial assistance, as well as by publicly endorsing this most necessary training of the children in their physical and moral development.

The wholesome games out of doors direct their energies into proper channels. Physical culture classes will be put on, at different hours, for the boys and girls. Story telling is a big factor among the educated of various cities and the play grounds association is indeed fortunate to have obtained a college graduate who is a trained story teller.

Fire Chief Office

Considerable Speculation as to Who Will be Chosen

There is considerable speculation as to who will be chosen fire chief to fill the vacancy caused by the resignation of Fire Chief Kenneth W. Ogden. No definite announcement of any candidate has been made thus far. However, it is understood that several names have been mentioned as prospective candidates for the position. Within the next few days it is possible that a formal announcement will be made by some of the candidates seeking the position. The city council it is expected will act on the matter at its next regular meeting which will be held April 12.

To be well dressed, is to be well pressed.

AMERICANS QUELL TEUTON REVOLT

Detachment of Yanks Seize Communist Leaders In U. S. Area

BLOODLESS VICTORY

Security Police Regain Control in Several Cities—Berlin Apprehensive—Reds Reported Concentrating

Coblenz, March 29.—It took 20 men of the American military police only a few minutes to put down the Communist uprising which occurred yesterday at Montabaur, six miles northeast of Ehrenbreathsetin, in the American bridgehead area.

When the revolt occurred a riot call was answered by the provost marshal, who sent a small detachment to the town. Immediately upon its arrival the leaders were seized without firing a shot and a quantity of Communist literature was confiscated.

The prompt action of the American authorities has had a disheartening effect upon the radical leaders in this district and no further trouble is expected.

Halle, Germany, March 29.—Eiselben is quiet and the town is under control of the police. Reports from Bitterfield say the authorities have suppressed the revolt. The only fighting has been near Sangerhausen, where a workmen's armored train was held up and an engagement ensued, a few men being killed or wounded.

The workmen still have the upper hand in Leuna, the police showing no intention of attacking them for fear that they will fulfill their threat to blow up the big factories there.

At Halle the situation is quiet, this being done, according to police, to postponement of the Communist plans, which provided for the capture of the surrounding towns first. The intention then was to march into Halle and gain control of the strategic and industrial center of the whole province.

The police are not yet ready to say that the Communist movement has failed and are still nervous over the outlook. Conditions, however, are such that it is generally believed the police are in a position to enforce the law.

Later in the day Halle was cut off from virtually every line of communication except Berlin by the police, who instituted rigorous control of all activities in an effort to check agitation by alleged Russian Bolsheviki, who, they say, are numerous here. No telephoning was permitted except in German. The streets were ordered cleared by 9 p. m., and no vehicles were permitted to go beyond the city limits.

Congregation in the streets of more than three persons was forbidden and there were wholesale arrests of suspects. The Associated Press correspondents and two other American reporters and one English man, who frequently had been investigated were placed under arrest for the second time, while entering the security police administration headquarters. They were sent to district police headquarters under guard, examined for large hours and then released.

Berlin, March 29.—Reports from Central Germany, where Communist workers are in open rebellion, gave the Government much apprehension yesterday, for they indicated that the rebels were winning back the upper hand in the controversy from the "Green" troops or security police.

The situation is regarded officially as most serious and reports that large bodies of Reds, fully armed, were concentrating in various places in Saxony were taken as an indication that new outbreaks were being planned. One report declared that today, when factories will reopen after the Easter holidays, fighting will be begun in several new points and that a demonstration in Berlin will take place.

The Proof of the Pudding.

More than any other one of the new national cabinet officers, Postmaster General Hays has taken hold of his department with a great flourish of trumpets and beating of cymbals as to the great things he is going to do. Like a child with a new toy, he dresses the post office department up in some new fanciful garb every day. First he announces he is going to "humanize" the department, whatever that means. Then he tells us that there is to be a "different atmosphere" in the conduct of the postal business, whatever that may be taken to signify. And now he comes forward with elaborate plans for the reorganization of the department.

Under the administration of the postoffice department by Mr. Hays, the Senate and House committees on post offices and post roads are to constitute a "board of directors" and an advisory council of seven business men serving without pay is to function in connection with the "board" as an "executive committee" Mr. Hays says that the purpose of the new policy is "to develop a closer and a very intimate relation with the Senate and House committees on post offices and post roads." Many will see in the new step a curious intermingling of the executive with the legislative branches of the government and will wonder if this is not the first move in the direction of turning over the executive branch of the government to the small coteries of Senators and Congressmen who are determined to either rule or ruin on Capitol Hill. In the event of a direct issue between the Chief Executive of the nation and the Congress over the conduct of postal affairs, on which side will Mr. Hays and his "board of directors" be? As long as the executive and the legislative minds run along together, Mr. Hays will be safe with one foot on either horse, but we shudder to think what will become of the versatile gentleman from Indiana when one of the animals takes it into his head to part company with the other.

After all, with all of his humanizing and atmosphere and new committees, Mr. Will Hays is the Postmaster General. Under him the mail service will either get better or it will get worse. No amount of humanity, nor atmosphere nor free advice will be of any interest to his millions of patrons unless he can make the mails faster and surer. None of us particularly care what kind of a postal pudding Mr. Hays concocts so long as it tastes well. Watch the old letter box for a correct estimate of the value of the new postal policy.

Irish Relief Fund Drive.

Shortly an appeal will be made to our citizens for the relief of the stricken women and children of Ireland. This cause is a most worthy one. Is one that should appeal to all classes of citizens, for hunger knows no armistice. President Harding has sent a message of commendation to the American committee for relief in Ireland which he says in part:

"The people of America never will be deaf to the call for relief in behalf of suffering humanity, and the knowledge of distress in Ireland makes quick and deep appeal to the more fortunate of our land, where so many of our citizens trace kinship to the Emerald Isle."

A Troublesome Visitor.

With their noses buried in plans for tariff and revenue legislation in the extra session of the new Congress, it must be tremendously irritating to the Republican leaders to have Rene Viviani, former premier of France, arrive in Washington today, ostensibly on "a mission of courtesy to President Harding" but actually for the purpose of inducing the President and Secretary of State Hughes to work for the entrance of the United States into the League of Nations as it now exists or as it may be modified.

The French statesman, with his little grip carefully loaded with records of Harding's votes for the League with reservations in the United States Senate and with punctiliously compiled copies of his campaign speeches with their numerous references to an "association of nations," glowers over official Washington like a bombing plane loaded with T. N. T. Tremors of apprehension shake the tents of the treaty wreckers, irreconciliables and reservationists alike.

Despite the fact that they seem determined to ignore the issue, the Republican leaders must know that sooner or later they must make peace with Germany, either in company with the Allies or by a separate peace. There must be a peace treaty, negotiated by the President and ratified by a two-thirds vote in the Senate. There is neither precedent nor constitutional authority for peace to be concluded in any other manner. All of their so-called peace resolutions are a farce for political consumption. Viviani's arrival at this time is a most pertinent reminder to them of the fact. Hence their great discomfort.

As an effective reply to critics who claimed that "a rising waist line" was ruining his battng abilites, one Babe Ruth the other day smashed two homers over the ball park fence at Shreveport, La., and brought in five runs. The moral of which is that when you want a lot of work done, criticize your wife's waist line.

President Harding kissed a girl yesterday on the White House grounds and Mrs. Harding wasn't jealous. The girl was six years old.

MEMPHIS TRIAL APRIL 18

Six There Are Accused of Part in Sale of Liberty Bonds Stolen Here

Memphis, Tenn., March 29.—April 18 was fixed today by Judge Richards as the date for the trial of six persons arrested in Memphis in connection with the sale of Liberty bonds stolen in New York from the Kean, Taylor and Co., and brought here for disposal. They are charged with receiving property stolen in another State and will be tried in the First Criminal Court.

It has not yet been determined whether the defendants will be tried jointly or separately. The defendants are Digga Noden, druggist; R. B. Priddy, broker; W. L. Huntley, jr., former banker; Maurice B. Joseph, jeweler; James M Vardaman, banker, and John S. McCall, attorney.

FEARS NO DRY BRITAIN

Baron Birkenhead Tells Brewers There Is No Cause for Anxiety

London, March 29.—Alarm over the prospect of Great Britain going "dry" was deprecated by Baron Birkenhead Lord Chancellor, while speaking at the annual banquet of the Allied Brewery Trades' Association. He declared that members of the association did not, in his belief, have any cause for anxiety.

"As to the apprehension or chance of a general move such as has taken place in America," he said. "I am one of those who do not believe that it is even conceivable a similar change can take place in Great Britain.

"I should most profoundly regret it if any such change did take place, because I am individualistic enough in my outlook, both upon private and public affairs, to resent profoundly attacks against the principles upon which is based the right of the individual to regulate his own private life."

Ellis Island Admits Chaplin's Mother

New York, March 29.—Mrs. Hannah Chaplin, mother of Charles Chaplin, the motion picture star, who was detained on her arrival in this country on Saturday pending a medical examination for an alleged mental disorder was temporarily admitted yesterday, according to Byron Uhl, Deputy Commissioner of Immigration. Thomas Harrington, secretary to Mr. Chaplin, who accompanied Mrs. Chaplin, from England, filed the necessary bonds with the immigration authorities. The two left last night for Los Angeles, it was said.

Mrs. Chaplin and Mr. Harrington arrived Saturday on the Celtic but their names did not appear on the passenger list. Secretary surrounded her arrival and transfer to Ellis Island and it was not until yesterday that it became publicly known she was in this country.

Negotiations for bringing Mrs. Chaplin have been pending for two years, it was learned, and Mr. Chaplin has made several trips to Washington in connection with his mother's case. He told Government officials he would spend any amount of mony with in his power to have his mother cured of her illness, according to friends.

While Commissioner Uhl did not go into particulars, it was said that Mrs. Chaplin was a victim of shell shock the result of the frequent bombing of England during the war.

Brazilian Rival of Monte Carlo To Cost $15,000,000 Will be Built

New York, March 29.—The most resplendid gambling city in the world, outclassing Monte Carlo, is what Nictheroy, the former capital of the state of Rio de Janeiro, soon will be according to Redonde Sutton, an engineer of this city, who arrived today from Rio de Janeiro. The metamorphosis will cost about $15,000,000 and will involve the construction of many new tree-bordered streets and the building of a casino that, according to the plans, is to be the "best in the world."

The casino alone is to cost $2,500,000.

The scheme calls for the organization of a ferry service and a breakwater. Rio de Janeiro is only 5 miles east of Nictheroy and the little ex-capital, with a population of about 25,000, is expected to overflow at times with the game sports of the population, near the million mark, of the capital of the United States of Brazil.

The promoters also have expectations of drawing from the dominion of Uncle Sam some of the throngs that now either go to Havana or across seas to Monte Carlo.

It is pointed out that Rio is not so far away as it used to be when fewer passenger steamships made a specialty of Brazilian trade, Rio, of course, will be the port for travelers bound eventually for Nictheroy, and Rio is only about 4,795 nautical miles from New York. It came one day closer today when the steamship Aeolus created a new record of 12 days, 23 hours and 45 minutes.

RIVAL'S STORE IS BURNED

Detroit, Mich., March 29.—Michael Cherba, who has a store at 8 Eagle Avenue, Spring Wells was grilled for two hours yesterday afternoon by county officials, but he stoutly maintained that he knew nothing of the fire which destroyed the store of his business rival, Louis Marcus, in which George Stich was burned to death.

The fire broke out at 4 o'clock yesterday morning and spread with such rapidity that Stich was unable to get out. Police declare the fire was of incendiary origin and that oil was used freely.

Marcus and Cherba have been business rivals for months, and the police, who spent yesterday investigating the case, say they were told by several neighbors that threats had been made to burn the Marcus store. Cherba, when being questioned, said he had never made such threats, but did say, the officers allege, that his wife had trouble with Stich, the clerk burned to death, and had said she would "get him."

The police say an attempt was made several weeks ago to fire the store, but that the flames were discovered and extinguished.

Mrs. Geo. Pullman, Widow of Car Inventor, Dead

Pasadena, Cal., March 29.—Mrs. George M. Pullman, widow of the inventor of the Pullman car, died here yesterday after a brief illness. She was 79 years old. Her son-in law and daughter, former Governor and Mrs. Frank O. Lowden, of Illinois, were with her when death came.

With her son in law and daughter and their four children, Mrs. Pullman came here early in the winter. About a week ago she was stricken with pneumonia. Her advanced age made the fight against the attack difficult. Her condition rapidly became worse.

$23,000,000 OF FINERY PARADED ON BOARDWALK

Atlantic City, March 29.—Board walk statisticians yesterday in figuring out the money represented in the Easter raiment on display during the record breaking fashion parade yesterday, place the total figure at $23,000,000.

They estimate that suits and gowns represent an outlay of $17,000,000 and millinery and footwear about $6,000,000. While no definite figures are available it is estimated that $25,000 was spent by visitors for rolling chairs and bell boys and porters receive about $30,000 in tips.

Bank deposits yesterday show that the Easter host left nearly $8,000,000 behind them. Bank officers say deposits indicate that it was the largest Easter the resort has experienced in its history.

THIS STORE SELLS

The Deltor

—supplied only with BUTTERICK patterns

The revolution in dressmaking predicted on the advent of THE DELTOR is no longer a prediction, but a fact.

THE DELTOR is a marvelously simple way of making an expert dressmaker of even an inexperienced woman.

THE DELTOR is understood at a glance.

With it, for the bare cost of material, you can make dresses, rompers, suits or the finest frocks without difficulty, from start to finish.

THE DELTOR alone shows you

—how to cut for any size, of any pattern, out of any suitable width of material.

—how to put together, with perfect accuracy.

—and how to finish with those little French touches so lovely in both the children's clothes and your own.

Ask us to show you this wonderful invention —THE DELTOR. It is one more evidence of the leadership of this store that we have THE DELTOR.

Tucker Club is Formed By Staunton Democrats

Staunton, March 29.—Its object to use "all honorable means to secure the nomination" of Harry St. George Tucker, as Governor in the August 2 Democratic primary, the Tucker Democratic Club was instituted here yesterday.

William H. Landers, former Mayor of this city, was elected president, and Dr. A. F. Robertson, secretary. Sixteen vice-presidents will be appointed, of which number eight will be women, representing the two city wards and six magisterial districts in the county. Organized with between 200 and 300 members already enrolled, it is expected several thousand will join within a few months.

Falls 63 Degrees

Big Drop in Temperature in Twelve Hours

A fall in temperature of 43 degrees in 12 hours was registered between 2 o'clock yesterday afternoon, when the thermometer stood at 82 degrees, and 2 o'clock this morning, when it showed 39 degrees.

This remarkable drop was accompanied by rain interspersed with about a 15 minute fall of hail, which lasted until early today. The fall of hail occurred about eleven o'clock last night.

The predicted cold wave hit Alexandria last night, about 6 o'clock, and hit it hard. Within a short space of time the thermometer fell rapidly, the gentle winds became violent and there was considerable rain.

SOLEMN MASS SUNG AT CARDINAL'S BIER

Baltimore, March 29.—Members of the different Catholic religious orders, male and female, filled the cathedral yesterday at the second of the series of special requiem masses for the repose of the soul of Cardinal Gibbons, who died last Thursday The Rev. Eugene J. Connelly, chancellor of the diocese, was the celebrant, and the music was sung by the students of St. Charles College, Catonsville.

After the services the public resumed its slow march past the cardinal's bier. All day yesterday until 11 last night, when the edifice was closed, people of all creeds and stations in life filed past the catafalque to take a last look at the benign and familiar features of the dead prelate as he lay in state, clad in the purple vestments of his high office.

The National Federation of Ukranian Jews of America in convention here adopted resolutions of sympathy "to the people of Baltimore and all who mourn the passing of his eminence."

NO DECISION IN STILLMAN CASE BEFORE END OF WEEK

New York, March 29.—Justice Morschauser, who is now considering the various Stillman affidavits prior to deciding what alimony and counsel fees shall be allowed Mrs. "Fifi" Potter Stillman, announced Monday that he probably would make no decision before the end of the week.

It was rumored—although the rumor was framed merely on guesswork based on past legal rulings—that the amount would be approximately $8,000 a month, instead of the $10,000 asked.

279 PERSONS BURNED TO DEATH LAST YEAR

Two hundred and seventy-nine Virginians met accidental death last year through burning, according to figures which have just been compiled by the Bureau of Vital Statistics.

Of this number, 150 were white and 129 colored, an unusually large number of the latter, through the total is about the average for the last ten years.

Rebels Occupy Minsk Says London Report

London, March 29.—The following General News dispatches was received from Helsingfors today:

"Russian rebels have captured Minsk and proclaimed a 'white republic.' Ukranians have surrounded Keif, the Ukrainian capital, where fighting is in progress."

There is no official confirmation of any new revolutionary outbreaks in White Russia or Ukrainia.

TRUSTED EMPLOYE 16 YEARS HELD FOR 30 CENT THEFT

Raleigh N. C., March 29.—After sixteen years' service and considered one of the most trusted employes, George Fleming, negro janitor at the Federal Building here, pleaded guilty before United States Commissioner Batchelor Saturday afternoon to the charge of stealing 30 cents from the office of Postmaster Gatling, and was bound over to the next term of Federal Court under $500 bond.

LIQUOR HIDDEN IN HIDES

Calais, Me., March 29.—Customs officers yesterday seized a carload of beef hides here, in which were concealed 1,200 quart bottle of Canadian whisky, and arrested Jacob Bloom of Boston and Louis and Max Acker, of St. Stephen, N. B., on charges of smuggling the liquor into this country.

The seizure was made at the Maine Central freight yards.

Inquiry in Slaying Of Eleven Pushed

Atlanta, Ga., March, 29.—Investigation of conditions in Newton and Jasper counties, Georgia, was continued today with state authorities inquiring further into the killing of eleven negroes on the John S. Williams plantation and federal agents continuing their efforts to gather evidence to justify indictments on peonage charges.

Tornado Uproots Many

Bloomsburg Buildings

Bloomsburg, Pa., March 29.—Damage that will amount to thousands of dollars was done when a tornado swept Bloomsburg and surrounding country this afternoon unroofing buildings, uprooting trees and breaking plate glass windows. Roofs were torn from the grandstand on the Fair Grounds.

A stone weighing 200 pounds was dropped through roof of G. V. Robbins home here. Shutters and doors were torn off and hundreds of windows were broken. Telephone and electric wires were carried away. The road to Danville was blocked four hours by poles and trees that had blown across the road.

Panic was caused in the school at Fernville when Ray Mausteller, the teacher, and three pupils were cut by crashing glass from windows.

The metal roof of the Red Rock Bridge was carried 100 feet aloft, over a house and dropped on a lawn. The wind blew over a plumber's acteylene torch and set fire to the roof the State Normal School Quick work by firemen prevented much damage.

Bible School Leader Bans Ouija Boards

Harrisburg Pa., March 29.—That many of the leading alienists of the world believe in demon possession was declared by Dr. Henry Ostrom, a Moody Bible Institute lecturer, in an attack on spiritualism. He pleaded for the immediate destruction of all ouija boards.

"The medium is often possessed of a demon," he said. "The result is that many of the dupes acquire nervous and mental unsoundness that sends them to the nerve specialist, the alienist and the insane asylum." To counteract spiritualism he urged a thorough study of the Bible.

WARDEN LOCATES STILL IN COUNTY WORKHOUSE

Wilmington, Del., March 29.—The keen sense of smell possessed by Warden M. S. Plummer unearthed a home made distillery in the kitchen of the Newcastle County workhouse yesterday.

As a result two negroes and two white prisoners engaged as kitchen help have been denied all privileges.

According to Plummer, the inmates had about two gallons of grape juice and corn cooked up, which was on one of the kitchen tables when found.

LABOR BODY MEXICO'S AGENT

International Association of Machinists Also Makes Offer to Moscow

Washington, March 29.—The International Association of Machinists, with headquarters here, under an agreement just reached, has been named commercial representative of the Mexican Government in this country, it was announced today. The machinists' organization will act as official adviser to the Mexicon Government, which binds itself to use products of "union shops" only in the establishments under its control.

An active movement now exists in Mexico, according to Secretary E. C. Davison of the machinists, for the purchase of farm machinery and standard railroad equipment. The policy of his office under the agreement, he said would be to assist manufacturers of these products who have been fair to organized labor in placing orders with the southern republic.

It is understood that the Mount Vernon Savings Bank, which is controlled by the Machinists' Association, will be utilized for necessary financing operations.

Negotiations looking to a similar appointment of the association by the present Russian Government are understood to have been inaugurated. Officials of the machinists are now awaiting a reply to definite proposals they have made to Russia.

'BLACKMAIL,' SAYS SENATOR

Cameron Denounces Suit for Alienation of Affections

Washington, March 28.—In a formal statement today Senator Ralph H. Cameron of Arizona, characterized as "sheer, unadulterated, plain blackmail," a suit filed against him by Edward T. McFarlin of New York asking $100,000 damages for alienation of Mrs. McFarlin's affections.

Papers in the case, Senator Cameron's statement said, were first filed in 1916, and, he said, no effort at service on him wes made until last week.

"Now that I have become a United States Senator," said Mr. Cameron in his statement, "those behind this ridiculous suit have evidently decided to attack me in the hope of injuring me by giving widespread publicity to the absurd charges made by them. I am prepared to fight this suit with both fists, fearlessly and in the open."

The statement said Senator Cameron had met Mrs. McFarlin once in the observation car of a train between Chicago and San Francisco in 1912 before her marriage had met her twice since and met her husband once.

Russian Firm Offers Eggs For a Hand Press

London, March 29.—A case of eggs was all a Russian firm could offer in payment for a handpress, said Sir William Tritton, head of the William Foster Company of Lincoln, and eggs are now a drug on the Lincolnshire market.

The handpress has not been shipped to Russia, although it was the only order the firm had received after spending a lot of money in trying to open up the Russian market.

The statement was made at a conference held between Lincoln employers and unemployed, at which a gloomy view was taken of the industrial outlook. Alfred T. Davies, M. P. for Lincoln, is a strong believer in the possibilities of trade with Russia, but the heads of Lincoln engineering firms do not share his view. It was pointed out that the single line railways from ports to the interior of Russia have been torn up and no one seems in a position to repair them.

Apart from this prices are against British manufacturers and even France is buying from Germany.

TO DECIDE MAT TITLE

Penn State and Indiana Grapplers Will Meet Tomorrow

Bloomington, Ind., March 29.—National intercollegiate wrestling honors will be at stake when Penn State University grapplers meet Indiana University matmen in the university gymnasium here Wednesday night. Indiana University wrestlers won the Western title two weeks ago, when they defeated all universities of big ten Western conference, together with Nebraska, Oklahoma and Ames, Iowa Captain John Moore, who was unable to participate in the Western meet because of an injury sustained in a dual meet with Northwestern University, has recovered and will go in action against the Easterners in the 158-pound weight. Penn State, which won the Eastern honors, is expected to arrive here tomorrow.

"Race Suicide" Clause in Leases New Trick of Greedy Landlords

Boston, Mass., March 29.—Disclosure of the newest scheme of greedy landlords caused a stir at the City Hall and State House yesterday, with the result that Governor Cox and Mayor Peters will give them immediate attention. It has been discovered that a clique of owners of extensive apartment house property have been forcing tenants to sign leases that specify the exact number of persons who are to occupy their apartments, with a clause contained therein under which they are compelled to pay an additional $10 a month for each baby or other person who may come to live with them.

Complaints were made by a man who held one of these contracts for an apartment in a good section of the city. He had agreed that not more than three persons, himself, his wife and his wife's mother, should live in the apartment he had engaged. When twins came he was compelled to pay, under the terms of his lease, an increase of $20 a month.

The authorities have secured possession of some of these leases and they have given assurance that action will be taken without the slightest delay.

The "race suicide" clause of these leases reads as follows:—"This apartment is leased for a family of —persons, and for each additional person in the family the rent shall automatically increase $10 per month."

The Boston Chamber of Commrece, which has played an important part in the housing problem and in the handling of rent hogs in this city the last two or three years, lost no time in assuring the authorities it would give the use of its investigators in any way they might be most serviceable.

"Brutal!" was the exclamation of Eugene R. Hultman, chairman of the State Commissioner on Necessaries of Life, when informed of these new leases yesterday. Herbert Ellis, of the City Rent and Housing Committee, advises people against signing these leases and urges all those who have already done so to communicate with him without delay.

Mayor Peters gives assurance that "nothing will be left undone" to defeat the "anti-[illegible] lease scheme.

LOWER TAX RATE ON ALL INCOMES

(Continued from page four)

In other words, the tax should not be in excess of a point which would rob the taxpayers of all initiative and in this way stop the wheels of progress and industry. The temptation to hide wealth in unregistered and unaccounted securities like municipal bonds must be removed and the possessor of money for development and investment must have restored to him sufficient incentive to continue his activities. Thus the taxpayer becomes satisfied and the Government in the end is the gainer.

"In connection with the tariff legislation, it is recalled that the proposition is to pass the Fordney bill substantially as it has already passed Congress without material change except the possible inclusion of the anti-dumping and American valuation plans. It will be limited in effect to six months or until the permanent tariff bill is enacted into law.

"The Eastern manufacturers feel they can survive a measure lasting only 6 months if it is accompanied by provisions for American valuations.

"As soon as possible the Finance Committee will be called for preliminary work. Democrats as well as Republicans will attend. Revenue revision is a class of legislation that should be carried out in a non-partisan manner. There should be no discrimination. Of course, with tariff matters there are two schools of thought.

"It seems to me that we might have all the measures completed by August. If there is any attempt to change the Fordney bill we could not get it through, for once the door is opened there would be no excuse to keep other interests out and delay would be inevitable.

"I feel the experts in the Treasury should be asked to stay regardless of their political affiliations. Dr. Thomas H. Adams is a most valuable man and I am glad to state that I have been able to get an indefinite leave of absence from his professional duties at Yale, where he is professor of economics, so that he will be available to help us."

Brother Offers to do Time For One Who Escaped Pen

Columbus, Ohio. March 29.—"I am my brother's keeper," is the feeling of the brother of James Connors, penitentiary prisoner, who recently walked away from the prison farm at London.

The brother has offered Warden Thomas to serve until Connors is apprehended if that will mitigate the latter's punishment.

"I was my brother's keeper," is also the feeling of the brother of Geo. Mendel, who walked away with Connors.

He has offered $500 in addition to the State's $50 reward for Mendel's re-arrest.

Mendel and Connors were placed on the farm at the request of their brothers, that they might be permitted to make good.

The strange story of the one brother's fidelity and of the other's regard turning to anger when he found his confidence betrayed came to light today in letters to Warden Thomas.

Mendel's brother is a prominent manufacturer of the State. He describes his convict brother as an ingrate and said that their father had left $8,000 in trust for Mendel when he should be liberated.

Churches Plan to Take up Problem of Disarmament

Chicago, March 29.—Plans for a world church alliance, to be held in Chicago May 17 to 19, at which time it will be sought to promote an international friendship pact and bring about a reduction of armament among conciliatory nations, was formulated today. Among the speakers who will address the meetings are William J. Bryan, former Vice-President Marshall, Edward Filene, of Boston, and others.

Cupid's Darts Deadly In Sorely Tried Vienna.

Washington, March 29.—Cupid's darts are inflicting heavy casualties in Vienna, Consul Carol H. Foster reported today to the Commerce Department.

The record showed 18,372 more households established in 1920 than in the last pre-war year, he said. Marriages increased despite insufficient flats and other obstacles. Most of the new households, he added, are rather primitive, without the usual necessary furniture and equipment and the formerly indispensable trousseau. In 1913 there were 17,791 marriages compared with 31,164 in 1920.

NEW ARMY HEAD SOON To Pick March's Successor Before Special Session

Washington, March 29.—Secretary Weeks indicated today that a new chief of staff of the army to succeed Major General Peyton C. March would be selected before the special session of Congress convenes April 11.

The list of nominations for general officers is expected to be completed this week by the Secretary. The list it is understood, will be almost a duplicate of that sent to Congress by former Secretary Baker, which failed of confirmation. One important exception, however, may be the inclusion of the name of Brigadier General Clarence R. Edwards, former commander of the 26th (New England) National Guard division overseas, to head the list of major general. It did not appear in the Baker nominations.

Rosenbluth is Grilled On Cronkhite Murder

New York, March 29.—Robert Rosenbluth, former captain in the Two Hundredth and Thirteenth Regiment of Engineers, now held in the Tombs charged with responsibility for the murder of Maj. Alexander Cronkhite, son of Gen. Adelbert Cronkhite, at Camp Lewis, Washington, October 25, 1918, was brought in handcuffs to the Federal Building today and questioned for three hours by John E. Joyce assistant United States Attorney. This is the third of a series of grills to which Joyce has subjected the prisoner. His attorney, Jonah J. Goldstein, was present at the examination. A stenographer recorded Rosenbluth's answers to Mr. Joyce's questions.

CRAVED SODA FOR 2 YEARS

Wife of Consul in Spain on Return Asks First for Ice Cream Concection

Philadelphia, March 29.—The American freighter Santa Clara, from Calcutta and France and Spanish ports, ended her sixty-day voyage today when she docked at Port Richmond. Aboard the freighter as a third steward was Mrs. E. R. Pottle, wife of the American Consul at Bilbol, Spain, and her three-year-old daughter Edith. Her American home is in Brooklyn.

The first thing Mrs. Pottle asked was whether they still served ice cream sodas in this country.

"I haven't had an ice cream soda in two years," she said, "and Edith has never tasted one."

If Baby is Born Rent Boosts $10 a Month

Boston, Mass., March 29.—Disclosure of the newest scheme of greedy landlords caused a stir at the City Hall and State House today, with the result that Governor Cox and Mayor Peters will give them immediate attention.

It has been discovered that a clique of owners of extensive apartment house properties have been forcing tenants to sign leases that specify the exact number of persons who are to occupy their apartments, with a clause contained therein under which they are compelled to pay an additional $10 a month for each baby or other person who may come to live with them.

The authorities have secured possession of some of these leases and they have given assurance that action will be taken without the slightest delay.

The "race suicide" clause of these leases read as follows: "This apartment is leased for a family of —— persons, and for each additional person in the family the rent shall automatically increase $10 per month."

"Brutal" was the exclamation of Eugene R, Multman, chairman of the State Commission on Necessaries of Life, when informed of these new leases today.

British Labor Party Rejects Lenine's 21 Conditions

Southport, England, March 29.—The Independent Labor party, in conference here today, rejected by an over whelming majority a proposal to accept Lenine's 21 conditions for affiliation with the Third International of Moscow.

The minority report favored acceptance, and this element may secede from the party.

Fifteen branches of the party supported the Moscow conditions, and there were some stormy incidents at the conference, but when the decision was taken on a card vote, the Moscow proposal was defeated, 251 to 97.

Corpse Found Under Chicago Sidewalk

Chicago, March 29.—Chicago police today were unable to clear up definitely the identity of a man whose body was found under a sidewalk. The body evidently had been there two months, the police said.

The authorities said they were satisfied that the corpse was that of a wanderer who had fallen victim to moonshine whisky.

The body was discovered after a night watchman had notified the police that he had seen a woman scrape away debris near the sidewalk and then crawl into a cave-like recess beneath it.

Inquiry developed that the woman probably was in search of fuel.

Short-Skirted Women Barred From a Church

North Adams, Mass., March 29.—Admission to Notre Dame Roman Catholic Church here is "strictly forbidden to women and young girls wearing short skirts, low-necked or transparent garments as well as immodest apparel," by order of the pastor, the Rev. Father C. H. Jeannette.

The foregoing notice signed by him was posted in the vestibule of the church today.

Population Plan Hits

Constantinople, March 29.—Alarmed at the growing depopulation of Turkey, the Turkish Nationalist Parliament at Angora, is considering a bill to compel all men aged 25 or more to marry unless prevented by health reasons.

Bachelors over that age will be very heavily taxed while married men will enjoy privileges in taxation and military service.

Convict Negro For Annapolis Nurse Slaying

Baltimore, Md., March 29.—The jury in the case of Henry A, Brown, negro navy deserter, charged with the murder of Miss Harriet A. Kavanaugh at Annapolis on January 14 last night, after being out 25 minutes last night, returned a verdict of murder in the first degree.

Sentence was withheld by Judge John C. Rose, pending motion for a new trial.

Should the verdict be upheld the hanging will be held in the Baltimore City jail under the direction of U. S. Marshal William W. Stockham. Marshal Stockham and Deputy Marshal Matthews took the negro to jail after the verdict was rendered and he will be held there pending the execution.

Gathered in the court room when the verdict was received were many navy officers and nurses from the academy. Miss Kavanaugh's home was in Buffalo, N. Y., but it was said that she had few, if any, relatives in this country.

The case was given to the jury at 6:23 p. m., and shortly after 6:45 a verdict of guilty was announced.

Testimony was that Brown lay in waiting for the nurse as she approached the hospital and struck her across the head with a piece of iron pipe. He had been a deserter for more than a month, and went to Annapolis, it was said, to surrender, but later changed his plans.

It was then he decided upon robbery, according to the story, and when Miss Kavanaugh approached he felled her at the side of a hill. Her unconscious body rolled down the hillside and he made off with a purse containing $8

Harding to Wear Carnation Daily For Four Years

Ferdinand W. Peck, of Chicago gained from President Harding yesterday a promise to wear a white carnation every day for the next four years.

The adoption of this custom by the President marks another step toward "normalcy," President McKinley made it a practice early in his administration to wear a red carnation every day and each year his birthday is observed by the display of this flower.

Mr. Peck was commissioner general of the United States to the Paris exposition in 1900. He said yesterday that he had suggested that Mr. McKinley wear a red carnation and that this had given him the idea of asking Mr. Harding to wear a white carnation.

GULF STORM HALTS BALLOON HUNTERS

Pensacola, Fla., March 29.—Stormy weather on the gulf coast again interfered with the work of seaplanes, subchasers and dirigibles searching for the navy balloon which disappeared Tuesday night with five men on board. The seaplanes and dirigibles were ordered to return to their station shortly after noon when weather conditions became threatening.

Notwithstanding a four day search has failed to develop any trace of the balloon many naval officers clung to the belief yesterday that the men were alive and would be found.

As the balloon was of 3,500 cubic foot capacity and would float for days on the gulf waters, officers declared they believed Chief Quartermaster E. W. Wilkinson and his four companions had unhooked the basket in order to lighten the gas bag, climber into the rigging and were carried inland.

FIFTEEN MEN INDICTED FOR ATTEMPTED LYNCHING

Danville, Va., March 29.—Thirty indictments against fifteen white men, charged with mob disorders at Houston, Halifax County, were returned by the grand jury in Circuit Court there yesterday. The indictments charge fomenting conspiracy to kill and attempting to kill prisoners. All of the men indicted were in court and renewed their bail bonds of $1000 for appearance next week.

A large crowd was present at the county seat, but there was no trouble. A great many negroes were on hand. No indictments were returned in the murder of William Rickman, and it was intimated that a special grand jury will be called later on when the authorities have more evidence.

CHINA THANKS HARDING

Washington, March 29.—The gratitude of the Chinese people for President Harding's recent appeal for Chinese famine relief contributions was expressed in a cablegram received at the White House yesterday from President Hsu Shih Chang of the Chinese Republic.

Mr. Harding's action, the message said, was "a further evidence of the fact that we in our distress have not looked in vain to your benevolent country for counsel and aid."

OPPOSES INDORSING

American Legion Advised by National Commander

Headquarters of the Virginia Department of the American Legion has been advised by National Commander Galbraith against endorsing any candidate for an appointive position under the new administration. This applies particularly to persons who are candidates for appointment in those bureaus charged particularly with the care and welfare of service men and women.

It not only is in conflict with the provisions of the National Constitution, Commander Galbraith pointed out, but were an appointment made on recommendation of the American Legion and the appointee subsequently proved unsatisfactory, the American Legion would find itself in a very embarrassing situation.

78-MILE GALE KILLS ONE

Injures Score; 41 Degrees Colder

New York, March 29.—A gale of the "twister" type, reaching a velocity of 78 miles an hour swept over the city and the surrounding country late yesterday afternoon, causing one death and injuries to a score and leaving, in its wake, property damage estimated in thousands of dollars.

The gale was the van of a cold wave, which rolled down upon the wind, making thermometers drop 27 degrees within an hour and 41 degrees in six hours. It was part of a general cold wave that swept southeastward across the country from the Great Lakes region, doing much damage to fruit crops in Southeastern Missouri, Southern Illinois, Kansas, Oklahoma, and Michigan, and bringing a blizzard to Pittsfield, Mass. Storm warnings had been sent out from Washington, predicting falling temperatures in Middle Atlantic and New England States. The forecast for yesterday was colder and partly cloudy.

Buildings were blown down, roofs swept off, signboards carried away, in this city and vicinity. Staten Island, the shore sections of Brooklyn and parts of New Jersey suffered most. Many ships dragged their moorings and others were carried out to sea.

An 8 year old school child was killed in the collapse of an old frame structure formerly occupied as a moving picture theatre at Sixty-ninth street and New Utrecht Avenue, Brooklyn. At the height of the storm the roof was blown off and the building weakened. Soon after the storm had passed the side of the building fell upon the sidewalk.

John Burroughs, 84 Famed as Naturalist Dies

Buffalo, N. Y., March 29.—John Burroughs, world famous naturalist, died on a train today while en route from California to his home at Park, New York.

Death occurred in a Pullman parlment at 9:45 a. m., when the New York Central train No. 16 known as the New York-New England Express was passing through Kingsville, Ohio. Burroughs, who had spent the winter in California, had been in feeble health for some time. Had he lived until April 3 he would have been eighty-four years old. He was the most famous naturalist ever produced by America, and his nature studies along many lines have been accepted as authoritative.

Burroughs, whose books reveals an exceptional power of observation, tell the story of the outdoors with a charm that won him hosts of admirers, might have been lost to American literature had he put into execution his intention to enlist as a private in the civil war. He carried this intention with him as far as Washington, but there decided to accept a position in the United States Treasury Department.

Delaware Peach and Apple Crop Ruined

Wilmington, Del., March 29.—The entire Delaware peach and apple crop is believed to have been ruined by high winds, hail, sleet, and frost last night and today. Peach trees that were in blossom yesterday are today blackened as if by fire. Crops of strawberries and other small fruits also were ruined. The damage runs into millions.

Explosion Wrecks Tenement; Ten Die

Chicago, March 29.—At least ten persons are reported killed and many injured in an explosion that wrecked a tenement building at Halsted and Barber streets here today.

The explosion is believed to have originated in a paint store which occupies the lower floor of the four-story building. Firemen said the blast may have been caused by a bomb. Windows for blocks around were shattered and buildings crumbled to bits, But one body has been recovered.

Coroner Peter M. Hoffman declared the death toll would be at least ten and the injured probably would number sixty.

ATHLETE DIES AFTER SHOOTING HIMSELF

Charlottesville, Va., March 29.—R. Keesee Blakey, aged 25, attorney, football star at University of Virginia two years ago and in charge of the United States kite balloonist station at Bre... eight months during ... shot himself yesterday ... his home in this city ... taken to the Univer... where he died at 10:40 o'c... is survived by his parents and ... brothers.

Suffering with tuberculosis of the throat, Blakey resigned his position with the Federal Reserve Board in Washington last month, and left for the Far West to live in the open. Unable to stand outdoor work, he is said to have become despondent and returned to Virginia.

Movie Star Gets 10 Days in Jail

Santa Ana, Cal., March 29.—Bebe Daniels, motion picture star, was found guilty late Monday of speeding and was sentenced by a jury to ten days imprisonment in the Orange county jail. A stay of execution was granted, however, to permit her counsel to prepare an appeal.

Virginia Fruit Injured

... Va., March 29.—Fruit ... reported ... the Shenandoah ... in Virginia, ... Western Pennsylvania ... following last night's cold wave. Trees fatged from "badly damaged" to "wiped out" for summer apples, peaches, plums, pears and other small fruits. No authoritative estimate of the damage has been received.

The mercury dropped to 22, or 6 degrees in twelve hours here, with ice nearly an inch thick.

Michigan's Heavy Loss

Kalamazoo, Mich, March 29.—Fruit growers of southwestern Michigan stated that the freezing weather had probably resulted in tens of thousands of dollars' damage to peaches and cherries, but that other fruits had not sufficiently developed to be injured. The full extent of the damage, however, will not be known for several days.

Monkey Burglar Shot

Tries to Rob House

Detroit, March 29.—Detroit's first would-be burglar was placed on the casualty list by a shot from the revolver of Fred Grossman who occupies an apartment on Brush street.

The monkey was shot while attempting to break into the house through a second story window.

$300,000 IN LIQUOR SEIZED BY GOTHAM DR AGENTS

New York, March 29.—Liquors valued at $300,000 were seized by prohibition agents here yesterday in what was described by them as the biggest raid here since the Volstead enforcement act went into effect. The largest haul resulted in the Bowery warehouse of the Menorah Wine Company, where 2,500 cases of wine, each containing three gallons, and 500 barrels of wine, each containing 52 gallons, were confiscated.

The New Way to Sew---With the New McCall Pattern

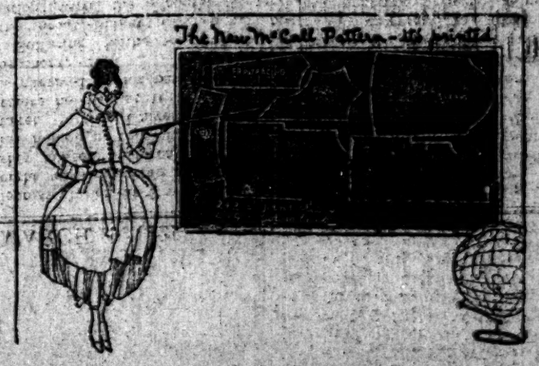
It's a different kind of pattern than you've ever seen, because all instructions are distinctly printed on each part of the pattern

—The straight of the goods with an arrow.

—Notches numbered to match.

—Instead of perforations, printed words.

What could be simpler and surer than a Pattern like this? It not only makes sewing easier for the beginner but it saves time. You know immediately when you open the envelope just what part each piece is, and with the numbered notches it's very easy to put together.



We suggest your looking into this pattern if you are interested in making your own clothes.
